

## Appendix E - [The Poison] - Code listing of "BigBertha" Virus

'A copy of BigBertha virus – Already disabled with GW-Scan, Generic Word Virus Scanner  
'All infectious macros have been renamed to prevent this code from working.  
'Changing any of the macros in this code could lead you to prosecution and is not advisable

```
'BigBertha - Random Path + Update                               The.Invisible.Man@Cyberdude.Com
'Code Written by VicodinES
'Poppy ID: 7984-HrQf98867984.c
'This Virus Is: Bigbertha.Poppy
